REPORT TO COUNCIL

To: Mayor Soloman and Members of Council

From: Jane M. Wilson, CAO/Clerk-Treasurer

Meeting Date: January 22, 2019

Subject: 2018 Election Accessibility

Purpose

The purpose of this report is to comply with Section 12.1 of the *Municipal Elections Act, 1996* regarding the identification, removal and prevention of barriers that affect electors and candidates with disabilities.

Background

The Municipal Clerk is required to submit a report to Council about the identification, removal and prevention of barriers that affect electors and candidates with disabilities and to make this report available to the public.

Discussion

Accessibility was a significant consideration during every aspect of the 2018 election. Attached to this report is Appendix A – Municipal Election Accessibility Plan 2018, in which the Town's methods for increasing accessibility were laid out. This document was posted to the Town's website and was available at the Municipal Office for review.

Financial Impact

There is no cost to the Town as a result of this report.

Recommendation

THAT Council receives Report – 2018 Election Accessibility.

Respectfully submitted by,

Jane Wilson
CAO/Clerk-Treasurer

GRAND VALLEY

2018 Municipal Election Accessibility Plan

1. INTRODUCTION

This plan will address the specific accessibility requirements in relation to the 2018 Municipal Election in the Town of Grand Valley.

The Town of Grand Valley has made great efforts in promoting a barrier free community. To ensure that the 2018 Municipal Election is consistent with the core principles of the Accessibility for Ontarians with Disabilities Act, 2005, this planning document was developed in advance of the election to identify measures to be taken and reported to Council following the election.

2. OBJECTIVES

This plan is intended to highlight measures that the Town will be implementing to ensure equal opportunity for all electors and candidates. These objectives include:

- That persons with disabilities can independently cast their vote and verify their selection.
- That persons with disabilities have full and equal access to all information on where and when to vote and on eligible candidates.
- That persons with disabilities can fully participate in the Municipal Election as an elector, candidate, or election official.
- That efforts are made to ensure that electors with disabilities are aware of the accessibility measures available via channels such as the newspaper, media launches, the Town's website and social media.
- That all polling locations/voting assistance locations are accessible.

3. DEVELOPMENT OF THE PLAN

This Plan is a "living" document which will be improved and updated as best practices are identified and new opportunities for improvement arise. In order to develop the plan below, several steps were taken in order to ensure that the statutory requirements were met, and a feasible implementation plan was in place. During the development of the 2018 Municipal Election Accessibility Plan, the following steps shall be implemented:

- Review and analysis of documents, policies and other supporting materials from AMCTO, neighboring Municipalities, the Ministry of Municipal Affairs and Housing, technology suppliers and other various stakeholder groups.
- Establish staff training standards and practices directly related to the Election to ensure that people with disabilities can vote in a positive customer service environment and ensure that all Election Officials recognize that a voter's needs shall be accommodated.

4. VOTING METHODS

The 2018 Town of Grand Valley Municipal Election will be working with Intelivote Systems Inc. to provide eVoting services to eligible voters. This includes the convenience and independence of voting from anywhere via telephone, internet or in-person at a polling/voting station during the October 12 – 22, 2018 voting period.

Everyday tools like computers, telephones and other aids can present accessible opportunities for persons with disabilities to accomplish more, while being consistent with the principles of independence, dignity, integration and equal opportunity.

The Intelivote Voting System provides voters with the capability to vote from the comfort of their own home. Voting from home facilitates the voting process for persons with disabilities who may have mobility restrictions, visual impairment, and/or have a difficult time with transportation. Additionally, persons who have assistive devices set up in their homes can now use them to assist with casting a ballot privately and independently.

By allowing persons with disabilities to vote from any location and from a selection of methods, there is an increase in the capability for the voter to vote without any assistance. This provides persons with disabilities the same independence and privacy in participating in the election as other voters. If persons with disabilities do require assistance in the voting process, trained Election Officials will be present at in-person Polling Locations throughout the voting period.

4.1 Telephone Voting

Eligible voters may vote using a touch-tone telephone, and the toll-free telephone number, date of birth, and PIN number contained in their Voter Information Letter to access an audio ballot. Communications barriers can make it difficult for people to receive or convey information. Barriers may be identified as low volume, use of language that is not clear or plain, and confusing or unorganized menu options.

The Intelivote telephone voting application provides the following:

- Service on all types of touch tone phones and wireless devices.
- Clear, plain language.
- Menu options that are easy to follow, advising when to select options and provision of confirmation of the voter's selections.
- Standard volume is used to allow for adjustment dependent of the telephone or device being utilized.

4.2 Internet Voting

Eligible voters may vote online, using a smart phone, tablet device, gaming device or computer and any accompanying assistive devices or software, along with their date of birth and PIN and qualifying information, to access the internet address provided in their Voter Instruction Letter.

The Intelivote System has been created to meet the Web Content Accessibility Guidelines (WCAG-2 Level AA), so that persons with disabilities can perceive, understand, navigate and interact with the online voting system. It is compliant with the guidelines of the World Wide Web Consortium website principles, which include organization, functionality and readability of information provided, as well as alternative ways of representing information, such as with audio.

4.3 In-person Voting at Polling/Voting Station(s)

For those individuals without means to access voting via telephone or internet, or who require the assistance of a trained Election Official, an advance polling/voting station and Election Day polling/voting station will be open to provide in-person internet voting opportunities via a laptop.

Access to the polling/voting station interior and voting area shall be level and slip-resistant. Any doormats or carpeting shall be level with the floor to prevent potential tripping hazards. The voting area shall be well lit and seating shall be available. Entrance corridors shall be clear of obstructions and tripping hazards and will allow sufficient space for use of a wheelchair or scooter.

An accessible voting area will be available at each polling/voting location. These areas shall be low in height and have a wide area to allow for individuals who use a wheelchair or scooter to vote independently and secretively.

Voters may attend any polling/voting station location throughout the voting period. The Town will be operating the following voting place location(s) during the Advance Voting Period:

October 12, October 15-19 - 9:00 a.m. to 4:30 p.m.

Town Hall, 5 Main Street North, Grand Valley

Internet only

The following polling/voting location(s) will be open on Election Day, Monday October 22, 2018 from 10:00 a.m. to 8:00 p.m.

Town Hall, 5 Main Street North, Grand Valley

Internet only

5. VOTING LOCATION(S)

An accessibility assessment of each physical polling location will be conducted. The following considerations are taken into account when determining which location(s) will be used:

5.1 Accessible Route

The name and/or address of the voting location shall be clearly visible. An easily navigable route will be marked for entry into the voting location and into the voting area within the location. The voting area shall be identified with clear and understandable signage. Seating areas shall be provided throughout the voting location for individuals needing a rest.

5.2 Entrance and Exit

The route to the entrance of the voting location shall be unobstructed and accessible. The route shall be wide enough to allow for an individual using a wheelchair, scooter, other assistive device, or service animal to travel safely. Doors into the voting location and voting area shall be accessible and easy to open or shall remain propped open for the duration of the voting location hours. Routine checks of entrance and exit routes will be made throughout the hours of operation.

5.3 Parking

Accessible parking shall be available at all voting locations. The designated parking space(s) shall be clearly marked with the international Symbol of Accessibility and will be on firm and level ground, close to the entrance of the voting location. By-law officers will monitor and enforce parking at voting locations throughout the day.

6. VOTING ASSISTANCE

6.1 Support Person/Friend of the Voter

Pursuant to the Town's Accessible Customer Service Policy people with disabilities shall be permitted to be accompanied by a support person at any voting location. A designated support person and/or 'Friend of the Voter' will be administered an oath of secrecy/confidentiality by an Election Official prior to providing any such assistance.

6.2 Service Animals

Pursuant to the Town's Accessible Customer Service Policy, individuals requiring service animals are permitted to be accompanied by a service animal at all voting locations.

6.3 Election Officials

At in-person polling/voting locations, upon request, Election Officials are available to assist any voter who requires assistance in casting their online ballot. All individuals working in the capacity of an Election Official are formally appointed as such and administered an oath of secrecy prior to voting day.

7. COMMUNICATION

The 2018 Municipal Election Accessibility Plan will be made available at the Town Office and by way of the Town's web site www.townofgrandvalley.ca. Alternative formats will be made available upon request.

Information regarding the accessibility measures provided for the 2018 Municipal Election shall be included in general election advertising as well as in the 2018 Municipal Election Nomination Package.

7.1 Election Materials

The Town is required, as per the Accessible Customer Service Standard, to provide a copy of a document to a person with a disability, or the information contained in the document, in a format that takes into account the person's disability.

Alternate Formats

Alternate formats are other ways of publishing information besides regular print. Some of these formats can be used by everyone while others are designed to address the specific needs of a user.

The Town and the person with a disability may agree upon the format to be used for the document or information.

In the event the information is not generated by the Town or is supplied by a third party, the Town will make every effort to obtain the information from the third party in an alternate format and/or will attempt to assist the Elector by providing assistive equipment.

General Election Materials

Large Print – Printed material generated by the Town will be provided in a Arial font, minimum 11 point, and can be made available in a font (print) size that is 16 to 20 points or larger.

Website – Information generated by the Town on the website in relation to the election will be compliant with WCAG 2.0 Level A and allow for assistive software

to be utilized. In addition, website font can be adjusted within the browser's functionality to aid the user in reading the information.

7.2 Service Disruptions

From time to time and/or for unforeseen circumstances beyond the Town's control, temporary service disruptions may be experienced. In the event of a temporary accessible service disruption, Election Officials will commit to making reasonable efforts to ensure that services are reinstated as quickly as possible and that alternative services are provided where feasible.

In these instances of service disruptions, the Town shall provide reasonable notice in the event of a planned or unexpected disruption in the facilities or services usually used by persons with disabilities.

Notice of these temporary disruptions shall be provided in a conspicuous place and manner at the respective location(s) and information shall also be posted on the Town website. This notice shall include information about the reason for the disruption, its anticipated duration, and a description of alternative facilities or services, if available.

Accessible services in relation to this plan include voting places, election materials and/or voting provisions for Electors with disabilities at the voting place.

In the event of disruptions to service or unforeseen circumstances that affect the accessibility of voting places during the advance vote or on Election Day, notices of disruption will be posted in real time on the Town's website and election website.

8. CANDIDATES

Candidates must also have regard to the needs of electors with disabilities.

Campaign offices, election materials and canvassing should all be reviewed in order to ensure that they are fully accessible. The Accessibility Directorate of Ontario has released several quick reference documents to assist candidates with accessible elections considerations:

- [Count Us In: Removing Barriers to Political Participation - Quick Reference Guide to Accessible Campaign Information and Communication](#)

- [Count Us In: Removing Barriers to Political Participation - Quick Reference Guide to Accessible Constituency, Riding Association, Central Party and Campaign Offices](#)
- [Count Us In: Removing Barriers to Political Participation - Quick Reference Guide to Accessible All Candidates Meetings](#)

9. REPORTING

Pursuant to Section 12.1 of the Municipal Elections Act, 1996, within 90 days after voting day, the Town Clerk shall submit a report to Council about the identification, removal and prevention of barriers that affect electors and candidates with disabilities.
